

WORK OF THE DADS

What the City Fathers Did at Last Night's Meeting

LEWIS GETS THE CLERKSHIP

Last Night's Session of the Council Produced Nothing of Public Interest.

The lobby of the council chambers was well filled with bicyclists who had come to watch the fate of their petition to ride on the sidewalk, but the matter did not come up.

An invitation from the G. A. R. to participate in the Memorial Day parade was accepted.

A communication from State Railroad Commissioner C. R. Whitman was read in which he stated that he had informed the G. A. R. of the necessity of stationing a watchman at the crossing on Grandville avenue; accepted and filed. An invitation from Company H, Innis Rifles, to attend the opening ball at their new armory was accepted. Manager Chapman, of the Consolidated Street Railroad company, stated that traffic would be resumed on Ottawa street in the near future; accepted and filed. Several residents on Oakland avenue entered a protest against the manner in which the work of improving the street had been done. Residents on Second street asked for the opening of that street to the district. Other residents on the same street filed a remonstrance against the opening; referred to committee on streets. F. G. Post and others asked for a sewer in McKeon's street. Others remonstrated against the same; referred to the committee on sewers. Residents on Widdicombe street asked for a sewer. Residents in the Mills addition asked for a sewer.

The city engineer reported on the lowering of the sewer in Terrace avenue and recommended that it be done. Alderman Anderson stated that owing to the great dissatisfaction expressed with the ways and means committee report as published in the Herald, the committee desired to postpone the report.

The committee on poor recommended that the director of the poor be empowered to hire a clerk during such time as the committee might think advisable. The committee also recommended that the best interests of the department would be served by the resignation of Frank E. Keene. Alderman Gilden moved to amend by inserting the name of Benton Lewis. Carried by the following vote: Yeas—Anderson, DeGraaf, Dregge, Emmer, Gilden, Harper, Hanner, Jacobs, Mahoney, Mills, Saunders, Teaschett, Vay, Yell, Campbell, Conger, Damsky, Dunton, Frost, Gervens, Gezon, Kinney, Wurzburg.

The motion to adopt the report was carried. An ordinance permitting the C. & W. M. to lay tracks in front street was passed to its third reading and ordered printed.

The aldermen of the Tenth ward recommended that saloon licenses be not granted to Frank W. Simonds and Arthur L. Hart, as their places were injurious to the morality of the youth. A district to be assessed for the improvement of Smith street was accepted. The district extends 100 feet back on the sides of the street. A special committee reported on a district to be assessed for a sewer in Wealthy avenue. The district is 200 feet wide. Adopted.

The contracts for the improvement of East Fulton street were ordered executed. On motion of Alderman Kinney the Trowbridge street road was ratified and confirmed.

Amended the License. The report of the committee on licenses, as published in the Herald, was taken up and amended as follows: Hookers each stand or wagon, at the discretion of the mayor; peddlers and canvassers each, on foot \$20, with wagon \$40; fruit wagons, three months, \$30; six months, \$50; peddlers of groceries, \$50. Licenses were placed under a special license of \$25 a year, and chimney sweeps the same. The report was adopted as amended. The ordinance relative to burials was taken up and passed. The city marshal was instructed to cause the Y. M. C. A. to stop operations on the premises of its new building, as they are encroaching on the street.

The final decision was referred to the committee on streets. Motions and resolutions were introduced as follows: Frost that the committee on health be instructed to find other dumping grounds than those used at present.

Alderman Campbell, asking for an approximate estimate for improving Lyon street from Barclay to Union streets.

Alderman Conger, asking for an estimate for paving with sheet asphalt East Fulton street from Spring to the bridge.

Laid on the table for one week. By Alderman Hall for improvement of Hamilton street. Adopted.

By Alderman Gilden, that the city marshal be empowered to engage three assistants to inspect and report on defective sidewalks. Referred to committee on ways and means.

The Eleventh ward soldiers' relief fund was divided on a basis of 40 per cent to go to the same fund of the Twelfth ward.

The committee on lamps was instructed to see that the Eleventh ward be better lighted.

The council then adjourned until Tuesday evening of next week.

Hospital Acknowledgments. The Woman's home and hospital gratefully acknowledges the following

donations received from February 1 to May 9, 1922.

We also wish to extend our thanks to the different daily papers of this city for past favors received.

Mrs. LIBERT SMITH, Secretary.

IT WASN'T QUIET.

Mr. Montgomery Spends an Exciting Sunday.

Thomas Montgomery of Algoma township walked into Justice DeWolf's court yesterday morning with both eyes in a sling. A deep, dark blue overcoat, and his general aspect, had not had a rest since Sunday in the country. He swore out a warrant for the arrest of his neighbor, Alfred Dines, charging him with having committed an assault and battery upon him. Dines will be brought into court this morning.

Court Notes.

The Elk Rapids Savings bank, through its attorney, M. C. Burch, has commenced suit against W. F. Leggett of this city to recover upon a promissory note for \$100.

Timothy J. Phillips, through his attorney, James E. McBride, commenced suit in the circuit court to recover \$500 from Martinus Van Zaltbommel for goods sold.

Benjamin and Caspard have commenced suit by summons against E. P. Kidder & Co. to recover indebtedness of \$50.

Police Court Notes.

Ten drunks were arraigned in police court yesterday. Thomas Mahoney paid \$3 and costs, amounting to \$4.85, for his pleasures. John Engbers, Charles Wells and Henry Kohne were let off upon payment of \$2 and costs each. R. W. Baker and Peter Haner were committed for ten days in default of \$2 fine and costs. Henry Ainsworth and Richard Dunham were sent over for thirty days and fifteen days respectively in default of \$3 fine and costs.

William Gifford and Forrest Paisley, two boys, arrested on a charge of larceny of less than \$25, were, upon recommendation of County Agent Hathaway, fined \$5 and \$1 respectively, with costs. They paid.

James Lisha, a colored man charged with shooting "craps" in Powers' alley, pleaded guilty and was committed for thirty days in default of \$5 fine and costs.

Charles Reed, the boy who attempted to shoot his rival in an infantile love affair was assessed \$2 fine and costs for carrying concealed weapon. He paid.

The case against Ed Smith, charged with sleeping in Dr. Clark's barn, was nolle prosequi; also the case against Sarah Benedict for being drunk.

Bertha May, a disolute woman, will be confined to the county jail for thirty days, in default of \$5 fine and costs, for fast driving.

Charles Brooks, charged with the larceny of a lawn mower, pleaded not guilty and will be given a trial.

A REMARKABLE LETTER

A PROMINENT PROFESSIONAL MAN'S EXTRAORDINARY STATEMENT.

(N. Y. Sun.)

To the Editor:—As my name and face have appeared in your paper and the public interest is so great, I feel it only just that I should make an explanation. The statement published over my name was made ten years ago, after long and mature investigation, and I have never changed my mind as to the facts then stated. At that time I said, as a physician, that I believe Wagner's safe cure was the best of all known preparations for the troubles it was advocated to cure, and I say so still. I know it is considered the best for the most part of the disease, but why should they do so? As the late Dr. J. G. Holland, writing over his own name in the Sun's Morning, said:

"It is a fact that many of the best proprietary medicines of the day are more successful than many physicians and most of them were first discovered or used in actual medical practice; when, however, any person knowing their virtue and foreseeing their popularity, seizes upon them, and in the opinion of the highest all-virtue went out of them."

Dr. Holland was an educated physician, an unprejudiced observer, and he spoke from a broad and unusual experience. Proprietary medicine should not be derided. The evidence of their value are overwhelming. I have seen patients recover from gravel, inflammation of the bladder and Bright's disease after using Wagner's Safe Cure, even when all other treatment had failed.

I make this frank and outspoken statement in the interests of humanity, and because I know it to be true. I trust for the same reason you will give it to the public.

Respectfully, H. A. GUNN. No. 121 West Forty-seventh st., N. Y.

AMUSEMENTS.

LOCOMOTOR MAXIAL

Hardening of the Gray Matter of the Spinal Cord.

CURED BY DR. FRENCH!

Now Located at the Vendome Hotel.

It is an established fact that hardening of the gray matter of the spinal cord, or locomotor ataxia, which are one and the same thing is absolutely incurable under medical or electrical treatment; therefore the following statement taken from the Post, Washington, D. C., is all the more astonishing. The Post reporter who Dr. French's office, 122 North Twelfth street and listened to a statement made by Mr. T. L. Murphy, who resides in Herkimer, N. Y. The facts may be of benefit to suffering humanity:

"Three years ago," said Mr. Murphy, "I noticed a weak feeling in my limbs and numbness attended with inability to get out of a chair quickly. At first I thought nothing of it, but my walking became unsteady and my steps uncertain, and I would have to stop frequently and balance myself lest I should fall. These distressing symptoms kept increasing until I had to take to crutches. Medicines did me no good and my doctors advised me to go to a celebrated nerve specialist in Philadelphia. He said I had hardening of the gray matter of the cord or locomotor ataxia, and that if anything could cure me electricity could do it. I willingly put him on my word, but after repeated treatments he said I better let nature take its course. I went home discouraged and disheartened."

"Last summer I heard of Mr. Thomas of Nantuxat, Conn., who had been cured by Dr. French, who is now of the Vendome Hotel. Dr. French was then at Providence. I was placed in the cars and brought here for treatment by Dr. French. The doctor has treated me since January 12, and today I walked out unaided to the White House and through the park opposite, and back without any weakness or weakness. For the first two months I did not see much change in my condition, but today I feel myself a well man, and all that Dr. French does was to rub his hands up and down my spine." Mr. Murphy resides in Herkimer, N. Y., and he has large dairy interests in Syracuse. Dr. French says he has never come across a case of this disease that he could not check and greatly benefit, and many of them radically cure, but it requires time. Anything that will benefit humanity, no matter if it does advertise the parties, it is the duty of every newspaper to let it be known. Another most remarkable case is that of Mrs. Wells of Gooden, Ind., who came here from a hospital in Fort Wayne. She had suffered many months with an ovarian tumor and it had become very large. Physicians said there was no help but the knife, but her courage failed her when she saw the knife, so she came here. Dr. French began treating her five weeks ago, and today she is entirely cured. Yesterday she went to the physician's she had come here to treat with. They would not believe her statements till they had carefully examined her and seen the measurements she had made of herself from day to day. We say again, if you suffer from any supposed incurable disease go to the Vendome Hotel and consult Dr. French. A consultation costs you nothing, and if he can cure you he will tell you so any time from 9 a. m. to 6 p. m.
